

ONE VISION. A SHARED CALLING.

Not just
a visit.
*A family
that remains.*

Establishing the Kingdom and family of God
among every people in Latin America.

WHAT WE LONG TO SEE ESTABLISHED

Every nation.
Every people.
*The Kingdom and
family of God.*

Every *ethnos* in Latin America—not only the
places and people we already know.

ROOTED IN MATTHEW 28:18–20

Go.
Make disciples.
Baptize.
Teach obedience.

More than building churches.
More than a short evangelistic visit.

—————
A summary of the source’s reading
of the Great Commission.

HOW WE CARRY THE VISION

Work together.
*Establish
what lasts.*

A cohesive regional company.
A spiritual family with shared responsibility.

- Prayer and shared spiritual life
- Relationships, fellowship and presence
- Discipleship and leadership development
- Practical service and shared resources

Evangelism is essential.

Establishment is the aim.

01

Go beyond the familiar.

Seek new relationships, believers and works where a foundation does not yet exist.

02

Build into people’s lives.

Make disciples. Develop leaders. Form relationships and spiritual families.

03

Stay responsible for the field.

Send people. Develop resources. Create sustainable structures and lasting local footholds.

“Own the field” Long-term commitment to a nation or city. *In the spirit of Romans 15:20.*

Not only “my ministry.” *Our family.*

Local assignments belong within one larger Kingdom vision.

Regional families increasingly carry their regions—not one international leader carrying the whole work.

| *“Is the family advancing?”*

Give the next generation *room to lead.*

Begin while mature leaders can still coach, affirm and equip.

- Engage younger leaders early.
- Share wisdom and experience.
- Give them a visible place to function.

Moses & Joshua. David & Solomon.
Continuity—not starting over.

Let good work travel.

Share people, experience and resources.
Adapt the work—not just copy it.

From the source: Venezuela's medical work

Explore its adaptation where language, needs, regulations, permits and relationships make service possible.

Medicine. Business. Education. Finances.
Professional skills and everyday relationships.

Those who cannot travel carry the same vision locally.

START WITH PEOPLE, NOT A PROGRAM

One vision.

Stronger relationships.

- 1

Share one understanding.

Agree on the vision and where the family is going.
- 2

Strengthen relationships.

Connect regional leaders and families—including Chiapas and San Luis.
- 3

Embrace the vision personally.

Move beyond intellectual agreement toward shared ownership.

ALIGN
CONNECT
OWN

Pray regularly. *Show up.* *Start clearly.*

4 / EXCHANGE

Cross-pollinate ideas, strategies, people, abilities and resources.

5 / PRAY

Establish regular regional prayer.

6 / STRENGTHEN CHILE

Encourage the brother already there: he is part of the family, not alone.

7 / FOCUS

Begin with a limited number of clear priorities—not everything at once.

LATIN AMERICAN FAMILY GATHERING

**More than
an event.**
*A family
in motion.*

A catalyst for what continues
between gatherings.

Belong & align

Relationships, family identity,
a shared vision and prayer.

Develop & continue

Leadership formation, generational
transition and the next generation.

Share & go

Strategic collaboration, resources,
evangelism and outreach.

**Nations strengthening one another.
Isolated leaders knowing they belong.**

What will we carry *together?*

Three purposes for the next regional conversations.

01

Name the shared vision.

One understanding
of where we are going.

02

Understand each assignment.

Know what each person
and group is called to carry.

03

Find practical mutual support.

Prayer. Presence. Relationships.
Abilities and resources.
